

ANNUAL  
REPORT

2012

# *Piti piti zwazo fè nich*

LITTLE BY LITTLE THE BIRD MAKES HIS NEST

*-Haitian proverb*

## +OVERVIEW

## MISSION STATEMENT

The St. Boniface Haiti Foundation is committed to helping those in need when no one else can. We work side-by-side with the people of Haiti to break the cycle of poverty and to alleviate suffering through health care, education and community development. We work with compassion, respect and love for the people and communities we serve.

## VISION

The St. Boniface Haiti Foundation will distinguish itself as a leader in redefining health care delivery, education and community development in Haiti. We will be recognized for our passion in providing quality care to the poorest of the poor in Haiti. We will work toward the goal of building healthy, independent and self-sustaining communities.

A PRESENCE IN HAITI SINCE 1983, ST. BONIFACE HAS RELIED HEAVILY ON THE ADVICE AND INVOLVEMENT OF THE POPULATIONS WE SERVE. INCORPORATING THE IDEALS OF SOCIAL JUSTICE, SBHF IS COMMITTED TO TREATING EVERY PERSON IN NEED, WITH 90 PERCENT OF EVERY DOLLAR GOING DIRECTLY TO SUPPORT THOSE WE SERVE.

WE DO NOT INSTITUTE ANY NEW PROJECT OR PROGRAM WITHOUT OUTLINING AN ACTIVE AND SUSTAINABLE ROLE FOR RESIDENTS. THROUGH COMMUNITY INCLUSION AND APPROVAL, WE GIVE THE HAITIAN POPULATION OWNERSHIP OVER THE HEALTH, EDUCATION AND COMMUNITY DEVELOPMENT PROGRAMS WE LEAD.

THIS ENSURES SUSTAINABILITY IN THE LONG RUN.

WE BELIEVE VERY STRONGLY THAT SUCCESS IN HAITI IS ABOUT COMMITMENT TO AND PARTNERSHIP WITH THE HAITIAN PEOPLE. THERE IS NO QUICK AND EASY FIX IN HAITI, BUT THE PATH TO SUCCESS LIES WITH THE INDIVIDUAL COMMUNITIES THAT MAKE UP A LARGER WHOLE.

## +LETTER FROM THE PRESIDENT AND CEO

Dear Friends,

This annual report defines the work we've done in 2012—work I believe to be exemplary and necessary, and work that will hopefully continue to help redefine a model of development for Haiti.

At the core of our work at SBHF is the belief that all people deserve hope, dignity and opportunity. Although a child may be born into abject poverty in Haiti, we do not believe that seemingly suffocating poverty should define his or her future. Our work is about ensuring access to basic medical care, education, and other basic services that give the Haitian people the freedom to determine their own future.

This past year has been one of great growth at St. Boniface. We've added several staff members, seen the construction and addition of key buildings and expanded our crucial programming to help more of those in need. Most importantly, we've continued to grow our support base around the world and have seen remarkable responses from new donors and partners. For all of your support, we say thank you.

It is important to remember that although our foundation continues to grow and expand, it is our support and belief in the self-determination of the Haitian people that will ultimately allow us to succeed in our mission. Whether it is working with local community leaders in Fond des Blancs, community health workers in Villa, or our leadership team in Haiti, we are truly fortunate to work in solidarity with the Haitian people.

It has been three years of hard work since the earthquake and we have made tremendous progress. However, we must build on this progress and not lose the momentum of so many years of compassion, faith, and love. May God bless Haiti and all of you who make our work possible.

Kenbe fem,

Conor Shapiro  
*President & CEO*

+ST. BONIFACE  
HOSPITAL

St. Boniface has grown from one small clinic into a 60-bed hospital with specialists in OB-GYN, pediatrics, family medicine, internal medicine and dentistry. We have 45 nurses, six lab technicians, two ultrasound technicians and a variety of social workers and physical therapists.

2012 saw St. Boniface Hospital form new partnerships with innovative organizations and set records for numbers of surgeries performed. We had 49,012 physician consultations and 4,930 prenatal check ups, and we delivered 918 healthy babies. We performed 14,946 HIV tests and we hospitalized, on average, 96 patients a month. All of these numbers are significant increases from 2011.

Through our hospital, a satellite clinic in Villa and our mobile clinics, St. Boniface reaches more than 65,000 patients annually.

“SBHF IS AN OASIS. IN THE SAME WAY THAT AN OASIS SAVES THE LIVES OF THIRSTY PEOPLE IN THE DESERT, SBHF SAVES, ON A DAILY BASIS, THE LIVES OF NUMEROUS NEEDY PEOPLE WHO TRUST AND RELY ON US FOR THEIR CARE.”

*-Dr. Inobert Pierre,  
Director General*

+COMMUNITY HEALTH

## DID YOU KNOW

*Community outreach and sustainable development continue to be hallmarks of St. Boniface's work, and both of them come together in this photo above. Here you can see Ketlande, one of our nurses helped by a scholarship program developed by one of our donors. After graduating from school and becoming certified, she returned to work for St. Boniface and is shown here instructing schoolgirls on how and when to take the vitamins they're receiving.*

St. Boniface's catchment, or service, area, covers 250,000 people—many of whom are unable to access the hospital. So, we reach out to them in a variety of means: through mobile clinics, rally and vaccination posts, educational seminars, nutrition and vitamin distribution, tuberculosis clinic operations, growth and percentile monitoring, community health volunteers and mothers' groups.

In 2012, our team of 60 community health volunteers, 42 mothers' advisors and a variety of hospital staff gave 1,528 education seminars on topics including cholera, hygiene and sanitation, HIV/AIDS, malaria, child nutrition, breastfeeding, vaccination, tuberculosis and maternal nutrition. Additionally, they had 14,032 mobile clinic consultations, ran 161 mothers' clubs and performed 3,644 home visits.

"IN RURAL AREAS SUCH AS FOND DES BLANCS, LOW ECONOMIC STATURE AND DISTANCE TO HEALTH FACILITIES ARE KEY DETERMINANTS OF A LOW RATE OF ATTENDEES FOR HEALTH SERVICES. WITH OUR 16 MOBILE CLINICS A MONTH IN 16 DIFFERENT LOCALITIES, WE PROVIDE QUALITY PREVENTATIVE AND CURATIVE CARE FOR FREE. WE CAN PREVENT COMPLICATIONS AND AVOID TRANSPORT COSTS—AN EXPENSE FOR FAMILIES THAT IS SOMETIMES MORE EXPENSIVE THAN THE HEALTH SERVICE."

*-Dr. Miliane Clermont,  
Deputy Director General*

+REHABILITATION AND REINTEGRATION PROGRAM

It may only be roughly three years old, but St. Boniface's Spinal Cord Injury Rehabilitation and Community Reintegration Program has already been declared a blueprint for budding programs around the world.

Consistent SCI care is now available in Haiti for the first time, rehabilitation services have decentralized and longstanding local professionals provide patients continuity of care that would otherwise have been nonexistent. Additionally, a focus on culturally appropriate, essential education has decreased complications and hospital readmissions. A community that once held skepticism for persons with disabilities is now seen opening the doors to their churches, their schools and their homes to welcome SCI patients.

Originally developed in response to the 2010 earthquake, the program has seen immense success and growth since its inception. More specifically, it was highlighted as a key success of the U.S. government's work in Haiti in a June 2012 report, and USAID promoted St. Boniface in one of their videos, calling the organization "one of the best examples" of putting policies of people with disabilities into programs.

"I DO BELIEVE THAT  
'DISABILITY' IS A  
DIRECT RESULT OF  
ENVIRONMENTAL AND  
SOCIAL BARRIERS AND  
THAT ACCESSIBILITY IS  
KEY IN ELIMINATING A  
PERSON'S DISABILITY."

*-Priya Maloni, Rehabilitation  
and Training Coordinator*

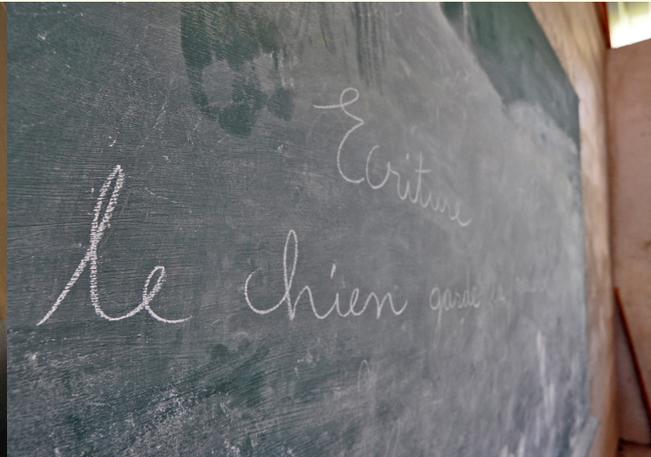

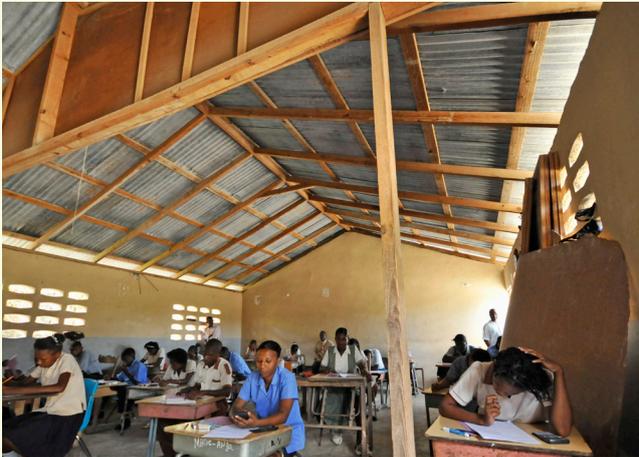

# DID YOU KNOW

*In Haiti, only a little more than half of all primary school-age children are in school. In Haiti, roughly 74 percent of primary-aged girls are out of school. In Haiti, less than two percent of children finish secondary school. In Haiti, approximately 50 percent of the population is illiterate. In Haiti, education is out of reach for most of the population.*

At St. Boniface, we know education to be synonymous with opportunity, and we believe strongly that education is key to advancing the country. Because of this, we do what we can to fund and supplement education costs for students in our catchment area.

2012 saw us provide some level of support for 858 students—whether they be one of the roughly 300 scholarship students or attendants at one of the two schools that St. Boniface fully sponsors. We hope to continue to improve on this number.

52 percent of our scholarship recipients are female, and 48 percent are male. Despite the overwhelming need for scholarships, the St. Boniface Haiti Foundation employs a careful selection process that involves an application from the student and entrance decisions made by a committee comprised of teachers, community members and St. Boniface staff members.

"THE ST. BONIFACE HAITI FOUNDATION ASSISTS BY SENDING MORE THAN 300 STUDENTS TO SCHOOL, FROM KINDERGARTEN TO UNIVERSITY, AND WE FULLY SPONSOR TWO SCHOOLS. WE ARE HOPING TO CREATE A NEW GENERATION OF CITIZENS WITH A BETTER QUALITY OF LIFE IN FOND DES BLANCS."

*-Michelet Mascary,*

*Education & Community Development Coordinator*

+EDUCATION

+COMMUNITY DEVELOPMENT

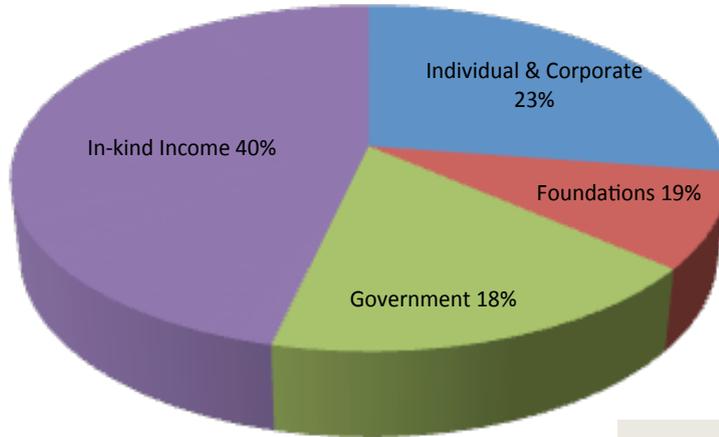

Over the years, St. Boniface has implemented a variety of community development programs aimed at creating jobs for the rural Haitian population.

Some of these initiatives include developing a beekeeping cooperative that farms and sells organic honey; building and maintaining a retirement home for neglected residents; and building and ensuring the donation of fishing boats for a local fishing cooperative.

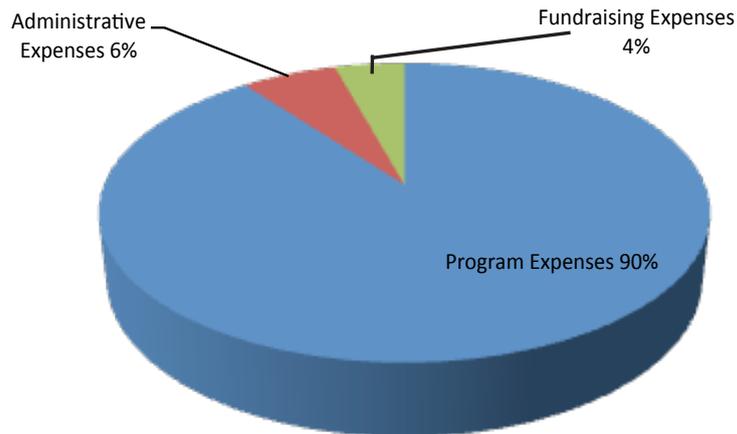

WE DON'T DO ANYTHING FOR THE HAITIAN PEOPLE THAT THEY CAN'T DO THEMSELVES. WE'VE FOUND THAT BY ENABLING A COMMUNITY THROUGH EDUCATION AND OPPORTUNITY, WE'RE ABLE TO CREATE SUSTAINABLE PROGRAMS AND BUSINESSES THAT CONTINUE TO RUN WITHOUT US.

### Revenues FY 2012

Individual & Corporate Donations	\$1,493,859
Foundation Grants	\$1,241,212
Government Grants	\$1,190,113
In-kind Income	\$2,630,990
<b>Total Revenues</b>	<b>\$6,556,174</b>

### Expenses FY2012

Programs	\$6,018,696
Fundraising	\$296,197
Administrative	\$403,910
<b>Total Expenses</b>	<b>\$6,718,803</b>

## +HISTORY

It began in 1983 with a Walk for Hunger at the poorest parish in a working-class section of Quincy, Mass. The parishioners of St. Boniface decided to donate half the money they raised in the walk to the poor of Quincy, and the other half to Mother Teresa's newly-opened Home for Children in Port-au-Prince, Haiti. They were told their money would be graciously accepted under one condition: They had to hand-deliver it to Haiti themselves.

And so they did. After the trip, the group, led by Father Jerry Osterman and parishioner Nannette Canniff, made a commitment to continue fundraising for Haiti. Eventually, they traveled to the remote area of Fond des Blancs in the mountains of southern Haiti, where they were impressed with the hospitality and resiliency of a community suffering under conditions of extreme poverty. They build a clinic, a school and eventually the St. Boniface Hospital, which was completed in 1992.

Since that time, St. Boniface has grown into a non-governmental organization drawing support from donors and partners at both national and international levels.

+LOOKING FORWARD

2012 WAS, FOR US, A YEAR OF GROWTH, CHANGE AND IMPROVEMENT. NEVERTHELESS, AS WE CONTINUE FORWARD IN OUR MISSION TO CREATE A STRONGER, HEALTHIER AND MORE SUSTAINABLE HAITI, WE KNOW OUR BEST YEARS ARE AHEAD OF US.
